HP Pro 3400 Microtower PC

Exceptionally powerful

With convenient expandability options, it's the versatile PC that will grow as your needs do.

HP recommends Windows® 7.

Powerful enough to handle all your workplace computing tasks, the HP Pro 3400 Series Microtower Business PC includes convenient expandability options. The space-efficient size and refined profile will fit seamlessly almost anywhere you choose to put it. You get a full-function, great looking PC with a heritage of quality and reliability; you've found your ideal PC.

The perfect fit.
With its space efficient industrial design this PC is sophistication personified. Smaller than the average desktop tower, the space-saving HP Pro 3400 Microtower fits neatly on a desk, counter, or shelf. Designed to fit typical business workspaces, the Microtower includes conveniently placed front USB 2.0 ports and audio ports. Standard video, network and additional USB ports are available on the rear.

Room to grow.
Flexible, so you get a PC that best fits your small business, the HP Pro 3400 Microtower can be configured to support high speed memory and super fast processors for a customized level of performance. It boasts 2nd generation Intel® Core™ i3, i5, and i7 processors[1] for the latest in performance. Choose from a range of standard hard drives up to 2 TB[2] or optical drive options including the latest DVD-ROM or SuperMulti Writer Drive[3,4]. Standard DDR3 memory is expandable to help you work efficiently.; You won't have to compromise when it comes to running your graphics intensive applications. Whether you're editing photos, creating multimedia presentations, or designing web content you'll see enhanced image clarity and detail with integrated Intel Graphics.

Flexible comes standard.
The HP Pro 3400 Microtower is ready to configure with extra memory slots, PCI Express (PCIe) slots, and 8,9cm/13,3cm (3.5"/5.25") bays so your PC grows with your business. And, with preinstalled software like HP ProtectTools[5] Suite SMB and Norton Antivirus[6] (trial offer) you get a PC equipped to make an impact right out of the box.

More than what is in the box.
You get more than what's in the box with our business-focused innovations included in every HP Pro 3400 Series PC that help you increase productivity, mitigate risk, reduce your environmental footprint, and improve your overall computing experience. Plus, the HP Pro 3400 Series offers service and support options, so you can spend your time focusing on what's most important—your business.

[1] 64-bit computing on Intel architecture requires a computer system with a processor, chipset, BIOS, operating system, device drivers and applications enabled for Intel® 64architecture. Processors will not operate (including 32-bit operation) without an Intel 64 architecture-enabled BIOS. Performance will vary depending on your hardware and software configurations. See www.intel.com/info/em64t for more information. Dual Core is designed to improve performance of certain software products. Not all customers will necessarily benefit from the use of this technology. Intel's numbering is not a measurement of higher performance.

[2] For hard drives, GB = 1 billion bytes

1 TB = 1 trillion bytes. Actual formatted capacity is less. Up to16 GB (for Windows 7) of disk space is reserved for the system recovery software.

[3] Sold separately or as an optional feature. Availability varies by region.

[4] Don't copy copyright-protected materials. Actual speeds may vary. Double Layer is a new technology. Double Layer media compatibility will widely vary with some home DVD players and DVD-ROM drives. Note that DVD-RAM cannot read or write to 2.6GB Single Sided/5.2 Double Sided-Version 1.0 Media.

[5] HP ProtectTools requires Microsoft Windows.

[6] 60 day trial period. Internet access required to receive updates. First update included. Subscription required for updates thereafter. This software is licensed to you by the manufacturer under the terms of its end user license agreement.

This system may require upgraded and/or separately purchased hardware and/or a DVD drive to install the Windows 7 software and take full advantage of Windows 7 functionality. See http://www.microsoft.com/windows/windows-7/ for details. Windows 7 Professional disk may be included for future upgrade if desired. To qualify for this downgrade an end user must be a business (including governmental or educational institutions) and is expected to order annually at least 25 customer systems with the same custom image.
