Toshiba EasyGuard
Carefree Mobile Computing

Carefree mobile computing with Toshiba EasyGuard

Toshiba EasyGuard is the better way to enhanced data security, advanced system protection and easy connectivity. Equipped with the Toshiba EasyGuard package for carefree mobile computing including:

- Toshiba Anti-theft Protection Timer, a timer-activated BIOS password utility for preventing system access in the event of theft
- Fingerprint sensor technology to support user authentication and secure access (single sign-on), as well as easy selection, launch and control of applications
- Enhanced mobility with Toshiba ConfigFree™ software for simplified wireless, wired and 3G connectivity
- Toshiba RAID 1* support to prevent accidental data loss and minimise downtime
- Toshiba Assist button for one-touch access to system support and services

Easy to deploy and manage

- Reduces the cost of evaluating, deploying and training users on new models with consistent software images and long lifecycles
- Backwards-compatibility is assured by common options such as Advanced Port Replicator III Plus and Ultra-slim SelectBay modules for enhanced expandability and ease of use
- Fully compliant with EU directives for environmentally-friendly electronic equipment (RoHS / WEEE)

Mobility and performance

- Superb system performance thanks to the latest Intel® Centrino® mobile technology, Mobile Intel® 915 PM Express chipset, high speed DDR2 memory and serial ATA HDD
- Brilliant 15.0" TFT XGA and SXGA+ displays let you enjoy stunning 3D graphics performance courtesy of the latest NVIDIA® GeForce™ 6 Series supporting PCI Express® bus architecture

Easy expansion

- SD™ Card media support
- ExpressCard™ slot for future-proof PC Card support
- PC Card slot for one Type II card
- i.LINK® (IEEE1394) port
- TV-out (S-Video) port
- Serial and parallel port

A choice of 5 ways to connect

- Built-in dual mode Wireless LAN 802.11 b/g
- Internal international V.90 modem (V.92 ready)
- 10/100/1000 Gigabit Ethernet LAN port
- Built-in Fast InfraRed
- Bluetooth™ V2.0 with EDR (Enhanced Data Rate)

* Optional second HDD and HDD adapter required for Toshiba RAID support

Dealer stamp:

CPU performance may vary from specifications under certain conditions such as the use of battery instead of AC power, certain external peripherals, certain multimedia applications or network connections, complex modelling software and in areas with low air pressure at high altitude (1,000 metres above sea level) and/or certain temperatures. CPU performance may also vary from specifications due to design configuration. Under some conditions, your computer may automatically shut down as a normal protective measure. To avoid risk of lost data, please make periodic back-up copies. For optimum performance, use your computer only under recommended conditions. Please read detailed restrictions in the product resource guide, visit the Toshiba web site: computers.toshiba-europe.com and/or contact Toshiba Technical Support. • One GB means one billion bytes, accessible capacity may be less. • Wired and wireless communication capabilities to be applied in countries where approved. • Battery life may vary depending on applications, power management settings and features utilized. Recharge time varies depending on usage. Battery may not charge while computer is consuming full power. After a period of time, the battery will lose its ability to perform at maximum capacity and will need to be replaced. This is normal for all batteries. To purchase a new battery pack, see your accessories information that shipped with your computer or visit the Toshiba web site at computers.toshiba-europe.com. • Small bright dots may appear on your TFT display when you turn on your PC. Your display contains an extremely large number of thin-film transistors (TFT) and is manufactured using high-precision technology. Any small bright dots that may appear on your display are an intrinsic characteristic of the TFT manufacturing technology. • Weight may vary depending on product configuration, vendor components, manufacturing variability and options selected. • Microsoft® Office OneNote™ 2003 is not available in all countries. • Certain notebook chassis are designed to accommodate all possible configurations for an entire product series. Your selected model may not have all the features and specifications corresponding to all of the icons or switches shown on the notebook chassis.
